Hi Kimby, I don't think you were included on these letters. Can you take a look at them for Sipaulovi (if you scroll over the PDF it tells you the PWS number and Hillary has them listed below).

Hi Janet and Emmanuelle,
This is in response to an action item from our 12.14.16 Make-up meeting-Hopi Villages, as follows.

Action item-To get an idea of the Villages history with PWSS violations please provide WTR's Letters of Violation going back five years.

Please find attached the Letters of Violations that were available in the DIME database. FYI, the files names include the PWS ID numbers. These are

Shungopavi – 0400259
Polacca- 0400106

Mishongnovi- 0400394

Sipaulovi- 0400107

Please note that no letters earlier than 2015 were present in DIME as far as I could tell.

Emmanuelle- my recommendation is to provide Janet with any earlier letters you might have. Another option would be to communicate directly with Janet about the exact scope of the information she needs to satisfactorily characterize the violation histories.

Please let me know if there is any further for me with this specific action item.
